County school trustees discuss grievance policy

BY TRACI BONNEY

At a brief Wednesday meeting, the Hancock County school board discussed, but did not vote on, a grievance policy for non-certified personnel.

The policy was written by Assistant Superintendent Eddie Danzey at the school board's request following a controversy between transportation personnel and the administrative office. Danzey presented the policy to the board Wednesday, but stressed that the trustees were not expected to take action on it immediately.

Superintendent Myrna

Bourgeois said she had contacted other local school district superintendents about the matter, and no other Coast district has such a policy. She added that those administrators she spoke with all recommended the board not adopt it.

"They all said we'd just be opening a can of worms if we do this," she commented.

The policy, if adopted, would establish a procedure that a classified (or non-certified) employee may follow if unable to resolve a difficulty with his/her employer. Under the policy, "grievance" would be defined as a violation or misapplication of

adopted school board policy or state law pertaining to employment terms and conditions.

The procedure proposed allows an employee with a job-related complaint to initiate action within five days of the act that prompted the complaint. The employee is required to first schedule a meeting with the employer to discuss the problem and the desired resolution.

If the problem is not resolved and the employee wants to pursue the matter, he/she must submit a written request for a

Waveland hires attorney for officers under investigation

BY JACQUI COCHRAN

The Waveland Board of Aldermen approved the hiring of an attorney Wednesday to represent two city police officers suspended during a recent investigation.

Attorney Lucien Gex advised that the board make a motion to hire attorney Nicholas Haas to represent officers Tony Stogner and Thomas Antoine.

The motion stipulated pay for Haas at \$80 per hour, not to exceed \$1,500.

Stogner and Antoine were suspended from the Waveland Police Department on September 25, while an administrative investigation is conducted into

the death of Tommy Monroe Tyler Jr. of Bessemer, Ala.

Tyler, 28, died at 5:03 a.m. at Hancock Medical Center on Thursday, September 24. He was taken to the hospital from the Waveland jail, where he was incarcerated on charges of simple possession of marijuana, public drunkenness and failure to obey a police officer.

Tyler and three others were stopped on Beach Boulevard near Buccaneer State Park at 12:52 a.m. that same day. They were taken to the police station for questioning.

Tyler's family claims he was beaten while in police custody. An autopsy report shows a

heart attack as the cause of death.

RENTAL DISCONTINUED

The board agreed to discontinue the monthly rental of Toomey's Shell Station on Coleman Avenue for city vehicle body and fender repairs.

Toomey said the city owed him an additional \$2,400 for storage of equipment in his back two bays during the course of the past year. He added that his rental agreement with the city was only for use of the front two bays only, at \$475 per month.

Toomey requested an

Pass Christian bank robbed Friday

The Peoples Bank in Pass Christian was robbed Friday morning when a man claiming to have a grenade instructed a teller to hand over an unknown amount of money.

The robber, entered the bank about 10:20 a.m. and gave a teller a handwritten note indicating he was in possession of a grenade.

The teller handed over marked and unmarked \$1 to \$20 bills.

Peoples Bank said they would not know the exact amount taken until an audit was completed.

The undisguised robber was believed to have left the area in a full-sized, late model, gold or tan GMC or Chevrolet pickup truck.

I-10 overpass lane closes

BY JACQUI COCHRAN

State Highway Department officer Lynn Lofton reported the east bound lane of the I-10 Pearl River overpass closed to traffic beginning Tuesday morning.

All traffic will be diverted to the westbound lane for several months as work begins on the replacement of the overpass grid deck with a permanent concrete span.

Following an estimated two months, work will begin on the westbound side, and traffic will share the eastbound lane.

Additional work to the bridge will include: replacement of all support members; the repair and painting of deteriorated areas; replacement of the existing center guard rail with a concrete rail; and placement of land impact crash absorbers at bridge approaches.

Loads 10 feet and over have been re-routed between Waveland and Slidell, along Highways 604, 43 and I-10/I-59.

It is suggested by the transportation department that commuters take Hwy. 90 to US-190, as an alternate route to Slidell.

When driving I-10 through the construction area, vehicles are asked to reduced speed for the safety of workers on site.

Pumpkin patch

Linus may not find the Great Pumpkin here this Halloween, but chances are you will find the perfect jack-o'-lantern-to-be or table decoration at the Trinity Episcopal Church Pumpkin Patch, located in front of the church on Hwy. 90 in Pass Christian. Richard Laurence, youth minister at Trinity, was seen Tuesday digging post holes for the Pumpkin Patch sign. He said half the money the youth ministry raises from the annual sale will benefit the ministry, while one-fourth will go toward the church's education building fund and one-fourth to the ministry's Honduras outreach. The sale will run through October 30, 11:30 a.m. to 7 p.m. daily. Pumpkins range in size from palm-sized for 25 cents, to very large for \$10. (Echo staff photo by Traci Bonney)

Bay Council okays contract for sewer extension project

BY TRACI BONNEY

The Bay St. Louis City Council approved a contract Tuesday with Necaise Brothers Construction Company for the first phase of city sewer service extensions.

The contract, awarded in the amount of \$152,609.50, calls for the installation of a lift station in the Engman Avenue area, the connection of that station to the existing service that parallels Blue Meadow Road, and the upgrading of five existing lift stations so they will be able to handle the additional load.

Mayor Eddie Favre said the contractor has 90 calendar days from the awarding of the contract to start the project, and 90

days from the start of the project to finish it.

That means the first phase of the sewer extensions should be complete by mid-April 1993 at the latest.

The contract was approved 3-0-1 (Jim Rutherford was absent, and John Wilkerson abstained).

OTHER BUSINESS

The Council also approved: two planning and zoning commission recommendations for property variances; several travel requests; the claims docket; privilege license and budget reports; the declaration of a list of vehicles as unmarked; the membership of

Police Chief Frank McNeil in the National Association of Police Chiefs; the declaration of 250 gas meters as surplus because they are no longer usable or repairable;

the selection of Jimmy Chiche as engineer for right of way surveys on several city projects; and a \$250 advertisement with the Chamber for the annual Red Ribbon Christmas promotion.

The Council set a workshop for 5 p.m. November 2, and moved their first regular November meeting from November 3 to 4 because of the general election. The meeting will start at 7 p.m. as usual.

Theme park law awaits board recommendation

BY JACQUI COCHRAN

A resolution concerning proposed legislation for the creation of a theme park in Hancock County will have to wait until next month, developers were told Monday by the board of supervisors.

"We want to know all the facts," board president Mike Ladner stated.

Local attorney and developer Stephen Guice requested a resolution of support for proposed state legislation which will create the DeLisle Improvement District. The district will contain 15,000 acres—10,000 to be located in central Hancock County.

Planned with the theme park are: a \$60 million speedway, comparable to Florida's Daytona; a botanical garden; and an audio/visual studio and possible technical school.

The development is planned for Hancock County north of I-10 from Diamondhead to just

west of Highway 603, with 3-3½ miles of the area extending into the buffer zone.

County planning commission member John Scafide reported the commission is investigating details of the legislation.

Scafide stated he had concerns over blocking future paths of expansion for the cities of Waveland and Bay St. Louis, as well as Diamondhead.

"I have questions concerning the exclusivity of the territorial boundaries, in that the area cannot be incorporated or annexed by neighboring municipalities."

"What you are creating under this bill is a separate municipality."

"In Hancock County you will effectively cut off northward expansion possibilities of Waveland and Bay St. Louis."

"A regular sewer/water district would not have the right to stop an adjacent municipality from annexing...this creature,

proposed under this house bill would be like a city."

Guice stated such exclusivity necessary considering the investment involved in development of the area.

He added, they are receiving many inquiries from out-of-town investors, as well as support from legislators in Jackson.

"We need to get moving on this so we will have time to lobby prior to the beginning of January session," he stated.

The board asked that Scafide and board attorney Gerald Gex work together to obtain a clearer understanding of the proposed legislation.

They also requested Guice provide a map specifying exact locations of the proposed area.

Scafide said the planning commission would meet again 4 p.m. on November 5, at which time the commission would dis-

review to the superintendent within 30 many days (Danzey did not set a specific time frame in his proposal) of the supervisor's review.

PROBATION

Danzey also gave the trustees a support staff probation policy proposal for their consideration.

Again, Bourgeois said no other district has such a policy, and their superintendents did not recommend adopting it.

The board took no action on it, but the consensus seemed to be that a 90-day probation for non-certified personnel may not be in the best interest of either the employee or the school district.

OTHER BUSINESS

The board approved: three resignations, one student release to another district, and one hiring; and the advertisement for bids on 100 band uniforms.

The trustees decided not to take action on a letter requesting permission to form a Christ-

ian Life Club at Hancock High School. The board members and Bourgeois said they needed more specific information than the one-page letter provided.

The board asked Bourgeois to contact those asking to create the club and request that they supply more information.

The board's next regular meeting is November 2.

COMPUTER NEEDS

The board approved an expenditure of \$36,000 for the purchase of an IBM computer system.

Utilities superintendent Mike Barnes explained the present system, developed in 1971, was purchased by the city four years ago. It is incompatible with other systems, thereby limiting the city's ability in soft-

ware usage.

He added, the city presently pays \$6,795 for a hardware maintenance contract, and as of December, will begin paying an additional \$2,700 for software maintenance.

The new system will be under a five-year lease/purchase agreement including maintenance and conversion of historical data files for an approximate cost of \$700 per month, thereby saving nearly \$1,000 per year.

Barnes said the new system will allow increased terminal connections, as well expansion in city recording and access.

Proposed department additions will be in the building inspector's office, tax office and utility department.

OTHER BUSINESS

In other business the board approved:

—the emergency purchase of two, three-phase pumps at \$2,087 each, for lift station #10, Oak and Fell streets;

—authorization for the police chief to attend the Mississippi Association of Chiefs of Police Mid-Winter Conference in Tupelo, November 11-13;

—authorization for firefighter Mike Smith to attend an emergency driving course at the fire academy in Jackson, November 13-14.

The board also approved the docket and the previous meeting's minutes.

Ward 4 alderman Stan Weidman's motion to amend the October 6 minutes to include statements by petition presenters was approved.

It is getting close to that time once again when folks will have to start thinking about income tax returns.

This is the time of year when the IRS begins to look for volunteers to help people file income tax returns.

The IRS Income Tax Assistance program has been around for some time, and persons participating make a big contribution to society.

Participants are trained in either December or January for a (four-day) class.

Persons seeking further information, can call 1-800-829-1040 and ask to be transferred to the Volunteer and Education office in Jackson.

It is heartwarming to see the Bay Athletic Club as active as it has been in recent years.

Recently club president Joe Von Antz turned over \$10,000 to our new Superintendent Paul Tisdale towards the start of a fund to construct a track.

The group was also very much involved with the district in the construction of a field house at the high school as well as other items.

Bay High needs supporters like the members of the Bay Athletic Club, and I am proud of the number of members they now have enrolled.

Sporting events are important. I feel for the rounding out of an education, sporting events are important for the participants as well as spectators. The more areas a community works together, the better it is for everyone.

Persons interested in the Bay Athletic Club can attend the club's weekly meetings on Tuesdays, 7:30 p.m. in the multi-purpose room at the high school on Blue Meadow Road.

Hunting is probably not as popular as it has been in prior years, but there are still many who belong to hunting clubs.

When I was a youngster, at age 16, all I had to do was apply for a hunting license, pay the fee and it was issued.

Today it is not that easy to obtain a hunting license, as one must attend hunters educational classes before one can purchase a license.

Anyone born after January 1, 1972, must attend these classes, too, in order to obtain a license.

Antoine Boyd, of Bay St. Louis, who is a volunteer instructor for this program, said the classes cover some 14 hours over a two-week period.

The information taught is a nationwide program, and is also very helpful in many ways, especially safety for new hunters.

The classes will be held at Mississippi Power Company's auditorium, Highway 90 and Dunbar Avenue, starting Nov. 4, from 6 to 9 p.m.

Students age 11 or younger are required to be accompanied by an adult.

Boyd said sponsors for the local classes, are Mississippi Power Company and the South Mississippi Gun Association.

Interested parties can contact Boyd at 467-6838.

The annual Hancock County Chamber of Commerce's Red Ribbon Christmas celebration is not far off and preliminary work is underway.

The chamber will once again publish a special section in The Sea Coast Echo on Thanksgiving Day which will include advertisements from the areas participating merchants.

This special section will also include the many special activities throughout the county during the holiday season.

Any organizations or groups planning something special are urged to call the chamber office to be included.

Representatives from the chamber are now soliciting participation from area merchants.

A new wrinkle this year, this will be the purchase of several billboards outside the county. This is to encourage the residents of neighboring counties to come to Hancock and shop.

The deadline for the participants is Nov. 6, so you may want to give the chamber a call if you haven't been contacted as yet.

Copy for the special section and activities need to be in by Nov. 6, too.

For further information call Cindy or Georgia at the chamber, 467-9048. The chamber is open from 9 a.m. to 5 p.m. Monday through Friday.

Letters Welcome

The Sea Coast Echo welcomes comments from its readers on subjects of general interest. Letters must be signed and include address or phone number so that the sender can be contacted by the newspaper if necessary. Letters should be brief, preferably type-written and double spaced, and conform to standards of good taste.

Letters of thanks, expressions of appreciation and political endorsements are considered inappropriate for the Letters to the Editor columns.

FROM THE SENATE

By Senator Trent Lott

No credit for finishing last

The past two years of Congress have been the least productive of any I've seen within the last 12 sessions.

Members have not done what the voters sent them here to do. The House and the Senate have wasted time and money, and point blank, have not been productive.

There are only about three things that the 102nd Congress can claim any credit.

We finished all of the appropriations bills before adjourning for the year. That is something that has been rare in recent years.

We passed the surface transportation bill. It was a major undertaking and it has funding for some good projects. I still think funding allocation formulas are not fair to states like Mississippi, but overall the bill is positive.

The other accomplishment was passage of the energy bill in the final few hours of the session. It is the major accomplishment of this year, in my opinion, but it was a long time coming. The war in the Persian Gulf

highlighted our dependence on foreign oil and the need for a national energy strategy, but it still took more than a year-and-a-half to hammer out an energy bill. What were we waiting for?

This bill is not all I'd like it to be, but it's a big step forward.

Here's some of what the Congress failed to do over the last two years:

- No major crime legislation.
- No health care legislation.
- No education strategy.
- No economic growth package.

Some in Congress would like to blame the President. Take it from me, it isn't the President who held up these bills.

The President offered legislation to Congress that would address all of these issues. Some of the President's proposals have languished in Congress for more than 1,200 days and are still pending.

Blame is too easy of a way out. The truth be known, Congress failed to do its job this year and has no one to blame but itself for an embarrassing and unproductive session.

LETTERS TO THE EDITOR

Laws to protect animals needed

Dear Editor,

Being a fairly new resident (two years) to Hancock County, I am appalled that there are no laws on the books to protect animals. They are unable to protect themselves.

There are laws to protect children from abuse. There are laws to protect the elderly from abuse. There are even laws to protect property from abuse. Why then are there no laws on the books to protect defenseless animals from abuse?

The Humane Society of Hancock County should be commended for the good work that they do, but their hands are tied because we have no law on the books and no way to enforce cruelty cases.

Anyone who constantly abuses animals will surely not have care and compassion for his or her fellow human beings.

Let us encourage our legislature to enact some laws to protect animals so that the

Humane Society cruelty investigators can to their jobs properly.

As it stands today, they can only make recommendations, which are ignored as soon as they leave the property.

Many states and counties already have laws on the books whereby the person or persons involved in animal cruelty can be prosecuted by fines and/or imprisonment.

It's high time that Hancock County join the many states that protect animals. If we do not do it now, it will never be done.

Please, for their sake, let us leave a legacy for ourselves and our children so that Hancock County will continue to be a nice place to live and to raise our children.

Thank you,
John Morehead

THE PEOPLE'S BUSINESS

From the Mississippi Economic Council

And justice for all

The Mississippi Legislature just finished a rare, one-day session, addressing the issue of sovereign immunity for state and local governments. The Legislature's action, taken in response to a state Supreme Court ruling against the current sovereign immunity law, takes a different approach to the potential threat of civil lawsuits.

Mississippi businesses have been calling for the Legislature to heed their pleas for help against the same threat for years.

It's not an issue of not being held accountable for one's actions. It's an issue of fairness, and the right of business to have some defense against frivolous lawsuits and exorbitant punitive damages.

And, it's not a "big business" issue. The threat of law-

suits and possible payment of punitive damages looms just as large over the small Main Street merchant as it does over the big corporations.

This lack of protection not only places existing businesses in a difficult position, but it also hinders the state's ability to attract new investments and jobs from businesses looking to locate here.

In just one day, the Legislature provided state agencies and local governments the same basic protection that has been denied to Mississippi businesses for years. It's time for that protective net to widen beyond the halls of the capital, and into the stores, factories and offices of the honest, hard-working business people who help drive this state's economy.

Port and Harbor names shipping/barging needs

BY JACQUI COCHRAN
Docking access for an additional freighter at the Port Bienvenue shipping terminal prompted discussion of a possible \$100,000 in immediate expenditures during a Monday, October 12 meeting.

Commission engineer Carlos Cordon presented maintenance and improvement projects which will increase docking capabilities to three ships. Director Harold "Buz" Olsen reported Star Export operator David Humphries in need of an additional docking area as an increase in cargo service has demanded the use of a third freighter for weekly shipping activities.

"There is presently docking ability for only two ships," Olsen explained.

According to Olsen, the shipping terminal is presently being

reviewed for future expansion of dockage area along the south-west bank of the terminal.

"These plans shall continue," he commented. "But meanwhile, Star Exports is in need of immediate assistance in response to an expanded bulk cargo service."

"On two different days last week, the terminal operator had to hold a ship 12-16 hours while two others were being unloaded and loaded."

Cordon proposed the adaptation of a third docking area along the existing canal, on the west bank of the terminal facility.

Here, he said, the canal bank is partially bulkheaded. Only removal of accumulated material from the canal bank and placement of mooring devices for the ship's bow lines will be

necessary for adaptation of the area.

Other needs proposed for the 20-year-old facility included: placement of two mooring devices within the present terminal inlet; the paving of the existing apron along the truck parking area; the leveling of the course along the ship side loading apron to improve drainage; the placement of surface materials along the west end of the transit shed for open storage access; repair of transit shed exterior panels, girts, gutters and downspouts; replacement of electrically operating rolling doors with chain hoist operated doors; installation of four door guards at the transit shed; and replacement of decayed bulkhead timbers.

The commission placed the proposals under advisement.

Commission president Dave

McDonald requested consideration be given for the installation of piling across from a shipping channel bend, near the coal terminals.

He said barge congestion at the coal terminal site necessitated future placement of pilings for alternate barge mooring.

The area suggested for the piling placements is along the undeveloped side of the waterway. Clear of the channel center.

McDonald said the piling placements would permit coal terminal operators to park additional barges, while others were being utilized at the terminal fleet area.

Commission members said they would review the proposal and inspect the site of suggestion by McDonald.

In other business the com-

mission approved:
—the general operating docket, items 1-84;
—the railroad operating docket;
—the industrial park revenue docket;
—the railroad car wash docket;
—rental facilities docket;
—port and harbor construc-

tion docket,
—construction of rail car storage track;
—and the T-hanger facility docket.
Cordon reported the rail car storage track was 85-percent completed and the industrial park treatment plant expansion ready for a first trial run on Wednesday, October 14.

Bay-Waveland changes point scale

BY TRACI BONNEY
The Bay St. Louis-Waveland school board has changed the way students' grades are evaluated.

The school board had revised the weighted quality point system that was used to determine valedictorian and salutatorian. Under the old system, the maximum points a student can receive for an A was five. In the new system, a student may receive up to seven quality points for an A.

However, the new quality point scale was introduced just this year. Jimmy Baldree, a senior at Bay High School, presented his concerns to the school board last week about the system in use at that time.

He said he felt the system was unjust because it allowed a student who takes an advanced course (for example, physics) this year to earn seven quality points for an A, whereas a student who took the class last year earned only five points.

Further, he said he thought the point scale should be made retroactive so that the As a student earned his first three years have the same value as those he earns this year.

The question of class rank also was approached. Baldree said his understanding is that a student's class rank for graduation night and the one on his transcript may not necessarily be the same, since the weighted quality points are used only to

determine rank for the purpose of naming valedictorian and salutatorian.

Superintendent Paul Tisdale confirmed this, and said he needed the board to decide whether to keep that system, or to use weighted quality points for both valedictorian/salutatorian selection and official class rank.

After some discussion, the board unanimously decided to change the school board's policy so that official class rank is determined by the weighted quality point scale. The decision to make the quality point scale retroactive to ninth grade for all students currently enrolled at Bay High came on a 4-1 vote, with Gary Yarborough dissenting.

Yarborough cited several concerns, ranging from the possible disparity between the class rank and the letter grades on a transcript sent to a college, to the almost certain increase in the number of students on the honor roll and listed on graduation night as honor students. Quality point average is used to determine both, and the weighted scale would work in the students' favor.

He also voted against authorizing the superintendent to form a committee to generate ideas about how to deal with the honor roll increase question Yarborough mentioned.

PERSONNEL

At Tisdale's recommendation the board approved the resigna-

tions of teachers Judith Griffin and Stacey Lovitt, and teacher assistant Carla Schmitt; and the hirings of teachers Martha Amacker and Malin Chamberlain, teacher assistant Angela Johnston, janitor Don Acker and substitute bus driver Bridgett Vincent.

OTHER BUSINESS

The school board voted to obtain its workman's compensation insurance through the Mississippi Municipal Workers Pool for \$31,689.67, and to purchase cafeteria furniture for \$17,908 from Mississippi School Supply.

After rejecting bids for two service trucks for the district because the bids exceeded the state contract prices, the board approved purchasing a Ford Ranger and an F-150 at state contract prices.

The board also rejected bids for intercom systems at Waveland, North Bay Elementary and Bay Middle School at Tisdale's recommendation because he said he felt the specifications needed to be refined. After rejecting the bids, the board voted to readvertise with new specifications.

COOKING UP A STORM

By Katy McGuire Caire

Oyster lovers, rejoice... and indulge to your appetite's content! Our oyster authorities here on our Coast assure us that a record oyster harvest is predicted this year, ending a 10-year cycle of poor harvests!

Bureau of Marine Resources biologists predict the largest harvest since 1983, with our state waters yielding three times last year's harvest.

"It's the best that Mississippi will ever do," exulted John Cirino, BMR shellfish coordinator, adding that the record harvest signals prosperity for Mississippi's oyster industry. Careful management and good weather have combined to make the oysters so plentiful, Cirino said.

So, bring on those oysters! And enjoy! Oysters, of course, have been around for a long, long time, with a quite colorful and tasty past. The ancient Greeks were fond of oysters and used the shells in their political and judicial systems; votes were cast on oyster shells, and jurors wrote their verdicts on them. It is said that the first oyster beds were established by Roman emperors all those years ago. And, here in America, the

Indians relished the oyster long before the colonists set foot on our shores.

Some of the earliest signs of man in the Mississippi Valley, are Indian mounds, or middens; some of them, in fact, made of nothing but oyster shells. So, let's give thanks to the first man brave enough to devour an oyster and find out how good oysters are, and let's stir up an oyster dish or so.

Some of my more interesting meals and menus have come about through haste or necessity, even at times desperation, such as this recipe for Oysters O'Hurry, as it came to be known at our house.

Some years ago, I was relaxing on a Sunday afternoon, with a pan of fine lean pork chops awaiting saucing and baking for an informal supper for a few friends. But, I had neglected to put the "Hands Off" sign atop the pan, with the result that two hungry teen-age sons, along with two equally hungry friends in search of a mid-afternoon snack, demolished enough of the pork chops to leave scant upper fare!

The oysters intended for generous appetizer servings quickly became the main dish, as my taste buds scurried in vain to reconstruct a delicious oyster dish I had enjoyed at a favorite restaurant. So I just had to concoct my own version for:

OYSTERS O'HURRY
2 pints (3 dozen medium oysters, approximately) with their liquor
Roux (2 Tbsp. butter; 2 Tbsp. flour)
Small to medium onion, chopped
1/4 cup green onions, chopped
1/4 to 1/2 cup celery chopped
Crushed clove of garlic
Small can artichoke hearts or bottoms, drained (or use 3 fresh artichokes and use hearts)
Few sprigs of parsley, minced
1 cup sliced mushrooms, sauteed, with juice (or small can of mushrooms)
Pepper, salt to your taste
Squeezes of fresh lemon to your taste
Pinch of thyme, optional
Heat the oysters in their liquor, over a low fire, until edges curl, and set aside. Meanwhile, make your roux: brown the butter in the flour over so slowly over a low fire until a nice warm brown—not burned! Add the other ingredients (not the oysters as yet) and a bit of their liquor to thin the mixture. Stir in the wine or sherry, the artichoke hearts or bottoms, quartered, and a cup of sliced mushrooms with their juice along with the oysters. Stir until the consistency you prefer, depending upon whether you plan to serve the oysters with a thick sauce in casserole or over rice, or whether you wish to serve as appetizer fare from a chafing dish or food warmer, thinned more as needed. Just be sure to have hot French bread for mopping up that sauce!

CLUBS, AUXILIARIES

Annunciation Senior Citizens

The senior citizens of Annunciation Parish held their monthly covered dish luncheon Wednesday, Oct. 21 with 29 members and a guest. A buffet, desserts and soft drinks were served. Bessie Nicaise, Clara Hoda and Howard Edwards were the birthday celebrants for the month of October.

Plans were finalized for the trip to Malbis, Ala. with lunch at the Cracker Barrel restaurant, followed by shopping at Christmas World, via Coastliner on Oct. 28.

Games were played and prizes awarded following the luncheon and social.

Next luncheon and social will be Nov. 18. All senior citizens are welcome. Call the rectory, 255-1800, or Estelle Depreo for information.

20th Star DAR

The 20th Star Chapter of the Daughters of the American Revolution, celebrated their 25th anniversary in the home of Mrs. Timothy T. Phalan. Co-hostess was Mrs. Robert Turner. The charter members, Mrs. Becky Bourdene, Mrs. George Chancellor, Mrs. Philip Davenport and Mrs. A. D. Graham of Bay St. Louis, Mrs. M. L. McCarty, Mrs. William Matthews, Mrs. E. Roy Trussell and Mrs. Frances Wilson, were presented with corsages.

Mrs. Robert D. Thames reported on the NSDAR resolution on socialized medicine. She told the members NSDAR opposes all forms of government controlled socialized medicine and they asked members to carefully study all health care reform plans and to support those that used market based incentives, personal medical savings plans and freedom of choice.

Mrs. Philip R. Davenport shared anecdotes and memories of her experiences as the first regent of 10th Star, including her trip to Washington, D.C. for the national convention at that time.

Learning Ladies

The October meeting of the Learning Ladies was Tuesday, Oct. 20 at the home of Peggy Mercier in Jourdan River Shores. There were seven members and a guest in attendance.

Charlotte Edwards, president, called the meeting to order. Mary Lou Mutter gave a report on food and nutrition taken from a newsletter put out by the University of Calif. in Berkeley.

Tommie Ziegler reminded members to bring dressed Salvation dolls and bears to the Extension Center on Oct. 28, where they will be on display during the council and leader training meeting from 9:30-11:30 a.m.

Inez Olivier, nominating committee, submitted the slate of officers for '93, which was voted on and passed.

Joan Howard reported progress on the Christmas party which will be Dec. 15.

Edwards reported on the trip to d'Iberville for a FCE area council meeting.

Beverly Vaughan chaffered seven members to the meeting. Lunch was provided by hostess, Peggy Mercier.

To join FCE clubs in the area, call 467-5456.

Extension clubs take new name to reflect mission

BY T. H. "DOC" TOUPS

Readers familiar with the Extension Homemakers Clubs may be surprised to discover that the groups have a new name: The Family Community Extension Club.

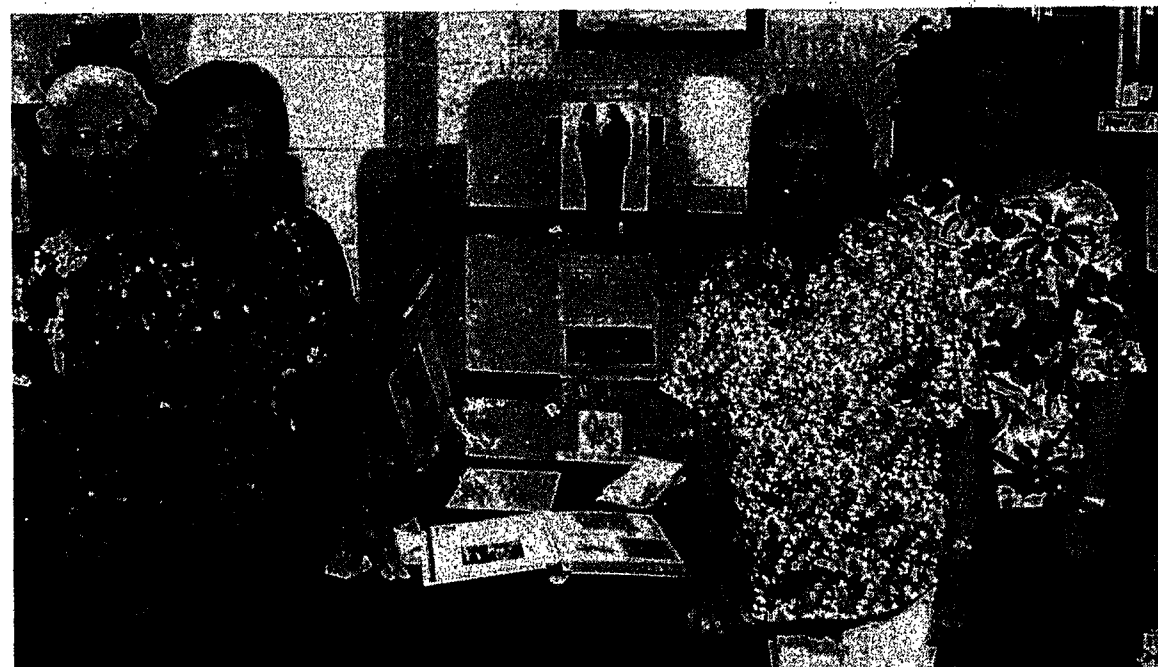

The club's purpose, as defined in their new promotional literature, is to "Identify and

meet family and community needs." Issues of concern to the clubs include: consumer education; child development and human relations; energy, time and money management; diet, nutrition and health; housing, clothing and other issues which relate to modern family circumstances.

The chapter presented an information display at the public library the week of October 12-16. On Friday of that week, several members were present to disseminate information and recruit prospective members.

Persons interested in additional information are invited

to contact a local representative at 467-5456.

Menswear

The season of
gender blending

A mixture of masculine appeal and savvy styling makes dandy dressing one of this winter's hottest looks.

Influenced by the Edwardian gentlemen of the early 20th century, the flamboyant look is updated by combining manly separates with a strong dose of femininity.

A well-tailored shirt is the foundation of dandy dressing. To reflect a polished look, select a style in crisp white cotton. Don't limit yourself to the men's department when considering your choices. Today's designers have a host of blouses that fit the necessary requirements.

Pants are a must. City chic is best captured with classic grey flannel trousers, while stretch jodphurs bring country charm to dapper dressing.

Your figure and lifestyle should be major considerations when choosing which look is the most suitable. Either way, this season's tailoring captures the male persona without camouflaging the female shape.

A jacket and waistcoat ensemble completes the dandy basics. Options can vary from traditional pinstripe coordinates to colorful separates, such as a mustard check blazer and mahogany suede vest.

For city chic, select a fitted gabardine jacket long in length and sharply tailored. Softer lines and a shorter silhouette capture country dressing, especially when executed in rich wool.

If a jacket is too constraining, substitute a relaxed cardigan blazer. Laura Ashley offers such an option this season with a forties-influenced sweater. Its draped appeal and pale celery color bring a softer edge to dandy attire.

A few well-chosen accessories complete the look.

Fall fashions combine style and individuality

The fashions for this fall have something to offer to everyone. The short A-lines of last year have extended much farther down the leg for a new long, pencil-thin silhouette.

And, if even that isn't quite long enough for your tastes, many designers added platform shoes to their creations for additional height.

But don't be alarmed—if you finally have become comfortable with the shorter length and want to stick with them—many of the designs for fall come in both lengths for the less adventurous among us.

One strong and widely seen trend for fall is the resurrection of menswear styled designs for women.

But instead of the floppy bowties of the early '80s, the newer styles have an Edwardian influence, with bowler hats, fitted jackets and slim legs, adding just the right feminine touch.

The uncertainty over what

women want in the way of hemlines has brought trousers back to the forefront of the fashion world, as designers take into account that many women may not appreciate the varying skirt lengths.

One designer taking this consideration to heart is Ralph Lauren, whose fall collection evokes memories of such beauties as Greta Garbo and Marlene Dietrich—both of whom helped change the way people felt about women wearing men's clothing.

Also going along with the lon-

ger trend was Isaac Mizrahi—his runway was chock full of long-lengths. The one outstanding difference with Mizrahi, however, was his sexy cotton jersey designs for night. Cut tight to the knees, these sweatshirt-inspired dresses flared to a mermaid tail at the bottom.

Another thing to keep in mind for fall is that many of the sportswear lines are very casual. Lots of jeans—not necessarily blue denim—and tons of cotton tees.

Nearly new

Beauty look for fall is bold and feminine

Bold, bold and more bold! That's the password to next season's beauty and fashion looks.

All the designer collections offered tantalizing glimpses of what might very well be the look of the nineties: a bold, refreshing—and surprisingly workable—amalgamation of two earlier decades: the '40s and the '70s.

And could there be any doubt about the color of this season? Red! Red, in all its glory (and variations) is here to stay.

This season, beauty makes its own entrance with a dazzling array of shades and shapes that are decidedly subtle but never, never timid.

It's a sophisticated look that enhances without being over-

stated. While eyes and cheeks are soft and subtle, this year the biggest news is in the nails and lips department, with a strong emphasis on luscious reds, plums and mauves.

Here are some new ways to face fall and winter, complements of Cover Girl Cosmetics:

• *A new focus on eyes* — This season's shadows are softly iridescent to reflect fashion's wonderful new emphasis on subtle shading.

• *Lashes strike back* — And they're going to greater length than ever! Long lashes are in, accented with a touch of blue/black color.

• *Lips and nails strike "bold"* — Lips and nails strike it rich this fall with lustrous, brilliant matching shades.

Local schools slate Red Ribbon activities

The national Red Ribbon Campaign of 1992 will show a visible commitment toward the creation of a drug-free America. The Red Ribbon campaign acts as a catalyst to re-energize prevention activities and programs in our community.

The Bay St. Louis-Waveland public and private schools will be celebrating Red Ribbon Week in the following ways:

Bay Catholic Elementary

All students will be given red ribbons to wear throughout the week.

Kindergarten will watch a film on self-esteem.

First grade will make a Red Ribbon banner to be displayed.

Second grade will make a Red Ribbon banner to be displayed.

Third grade will show a film on drug awareness and refusal skills.

Fourth and fifth grades will decorate grocery bags with anti-drug messages on them to be used during Red Ribbon Week by the grocery stores.

Sixth grade will participate in an essay contest.

Bay High School

The Bay High SADD organization will spearhead the Red Ribbon campaign throughout the community.

Students and faculty will wear red ribbons during the week.

Many teachers will incorporate drug awareness activities in class subjects during the week.

The school will be decorated with red bows.

SADD members RSVP volunteers will make red balloon bouquets and red bows to be distributed throughout the community.

Bay Middle School

The Bay Middle PTO will distribute red ribbons and red suckers to all students with the theme 'Let's Lick Drugs.'

Students will decorate grocery bags with anti-drug messages to be used during Red Ribbon Week in the grocery stores.

Some students will perform anti-drug raps that will be video taped.

Coast Elementary

The Coast Episcopal Schools

will focus on self-esteem and spiritual awareness. Students and faculty will focus on their ties with each other and the importance of a fulfilling spiritual life.

North Bay Elementary

Multiple handicapped class students will make red ribbon pins for the faculty and staff. Kindergarten students will decorate the trash cans in every classroom.

First grade students will make 'Just Say No Puppets' and create dramatic dialogue within each classroom.

Second grade students will create banners that reflect the dangers of drugs.

Third grade students will decorate the bulletin board in the cafeteria and the bulletin board in the office.

The PTO will distribute 'Just Say No to Drugs' pins to be worn by the students, faculty and staff.

Ribbons will be sent home to parents.

Saturday, Oct. 31, will be the fall festival. This will take place

from 10 a.m. until 2 p.m. The PTO will have a speaker from Memorial Hospital at Gulfport to speak on family values.

Our Lady Academy

Wednesday students will dress in red to show their dedication to the drug-free commitment.

Our Lady Academy will introduce the campaign on Oct. 22 during homecoming week by conducting a ghost-out. Students will be encouraged not to drink and drive and be given the drug-free message.

St. Clare

St. Clare will kick off Red Ribbon Week with a dance during assembly on Monday morning.

All students will wear drug-free ribbons and all cars that drive on campus will be decorated with red ribbons.

The Perk Players will perform a substance abuse play for the students on Thursday.

Seventh and eighth grade students will make speeches about the dangers of drugs and the importance of self-esteem.

St. Stanislaus

All Big Brothers and Little Brothers will wear red on Oct. 23.

Spectators of the homecoming game will be given ribbons to wear during Red Ribbon Week.

Students and faculty will display a school-wide chain-of-life.

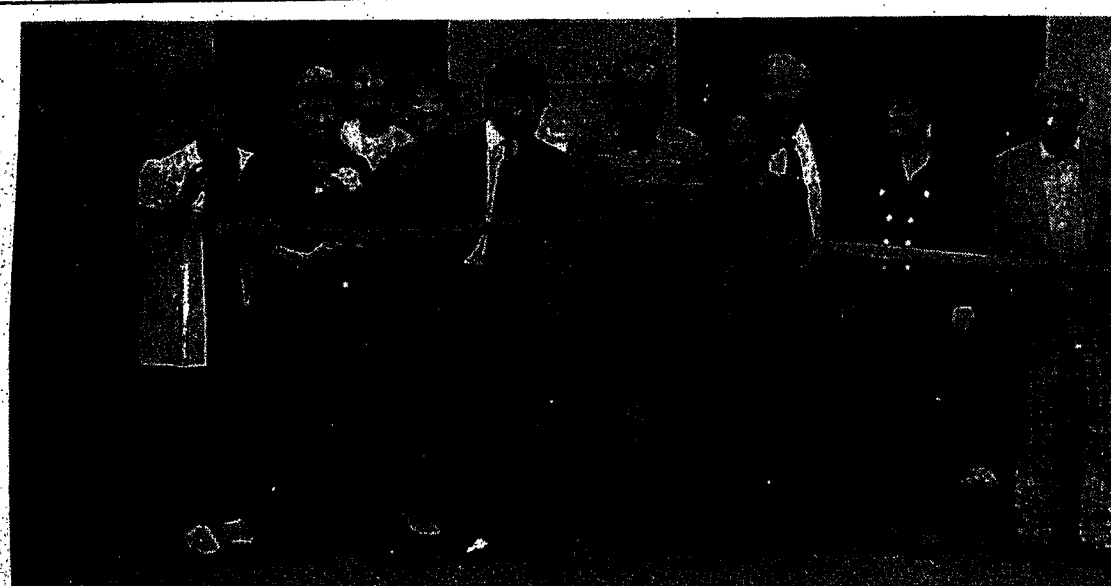

Waveland Elementary

Waveland Elementary will have a "Drugs are Scary Halloween Carnival." All activities will have a Halloween/drug-free message. Drug information will be provided for parents.

"All segments of the community should be involved in the Red Ribbon Week campaign. Please join our schools in demonstrating a commitment to a drug free America by wearing and displaying red ribbons during Red Ribbon Week," said Melissa Johnson, drug education specialist.

"Participate in Red Ribbon Week prevention education activities and programs in our community and build the bridge from awareness to action."

For additional information call Johnson at 467-5297.

IN BRIEF

NBE hosts Fall Festival

North Bay Elementary's Fall Festival, which focuses on Drug Awareness Week, will be October 31 from 10 a.m. to 2 p.m. Special characters will arrive on a fire truck, and McGruff the Crime Dog will be present. Citizens Against Drugs will man a sign-in board, and a speaker from Memorial Hospital at Gulfport will talk about drug awareness at 11 a.m.

The festival also will feature many activities, including a pumpkin decorating contest at 1 p.m., with WLOX's Mike Reader as one of the judges; a space walk, games, white elephant booth, food and a cake walk.

Chapter I parent workshop offered

Study skills: "How to get the studying done" will be presented by Bay Middle School teachers Kathy Chapman and Diane Spraberry at Bay Middle School cafeteria Thursday, Oct. 29 at 7 p.m. Chapter I students in grades 3-7 are invited to attend with a parent.

Contact Barbara Cropp at 466-4913 for more information.

Mormons host open house

Special to the Echo
What do Mormons really believe?

Local members of The Church of Jesus Christ of Latter-day Saints (proper name for the Mormons) invite the public to their church Sunday, Oct. 25 from 5-7 p.m. for a closer look at one of the world's fastest growing Christian denominations.

One of the highlights of the event will be the world premiere of 'On the Way Home,' a new half-hour film that focuses on one family's decision to join the Latter-day Saint Church. The film will be telecast via satellite to hundreds of similar gatherings at LDS churches throughout the United States and Canada.

The church is located on McLauren Street and Nicholson Avenue in Waveland.

"We realize that there are a lot of people who have heard of the church, but don't know very much about us," said Bishop Thomas Sones, a local building contractor who is also a lay minister in the church.

"This open house is an opportunity for them to come with other people in the community to see our building, meet our people and learn a little about our beliefs."

In addition to 'On the Way Home,' Bishop Sones said the open house would include tours of the chapel building, short

video presentations explaining LDS teachings about Jesus Christ, the purpose of life, families and 'The Book of Mormon: Another Witness of Jesus Christ.'

The open house is free to the public, and no collection will be taken.

You don't have to be.

If you're tired of shelling out good money for road base that doesn't make the grade, switch from shells to something solid... CRUSHED LIMESTONE BASE.

There is a better cover material than shells, and now it's available to you. Crushed Limestone base is a long-lasting material that provides a mud-free surface for driving or walking, that is virtually undisturbed by excessive rainfall and traffic.

So move away from the shell game, and let your "non-paved" surfacing job be like the company that supplies stone base. HERE TO STAY!

WEDDINGS, ENGAGEMENTS

Mr. and Mrs. Theodore Mumme IV

Mumme-Smith

St. Clare Catholic Church in Waveland was the setting for the September 26 wedding of Theodore C. Mumme IV, son of Nona F. Mumme of Waveland and Mr. and Mrs. Theodore C. Mumme III, also of Waveland, to Melanie Ann Smith, daughter of Mr. and Mrs. Grover Bridges of Mendenhall, Charles Smith of Pembroke, Ga., and the late Judy Bridges. Father Noel Fannon officiated the afternoon ceremony.

Nuptial music was provided by soloist Lana Noonan and organist Alana Meador.

Given in marriage by her stepfather, Grover Bridges, the bride wore a formal candlelight satin gown with a high neckline on a net yoke and long fitted sleeves with high puff at the shoulders. The fitted bodice and basque waist were appliqued with lace. The softly gathered full skirt swept to a chapel train with schiffli lace cutouts adorned with pearls and iridescents.

She wore a Princess Eugenie hat of Alencon lace adorned by silk roses with a Russian veiling blusher.

She carried a cascading bouquet of gardenias, ivory roses and orchids, accented with baby's breath and greenery.

Lisa Curbow, the bride's sister, was matron of honor. Bridesmaids were Mrs. Mellie Billingsley, Ms. Shawn O'Hara and Mrs. Sandra Anderson.

Flower girl was Cristina Mumme. Paul Curbow Jr. was ring bearer.

Douglas Handshoe was best man. Groomsmen were Michael Haverly, Gary Seeger and Ricky Bourgeois. Ushers were Keith Smith, the bride's brother, and James Mumme, the groom's brother.

Following the ceremony, an outdoor reception was held at the Bay St. Louis residence of Felix Seeger. The rehearsal dinner, hosted by the groom's parents, was at Court Street Cuisine the eve of the wedding.

The couple is making their residence in Bay St. Louis.

PRE-NUPTIAL PARTIES

Three bridal showers were given: the bride's co-workers hosted one in Gulfport August 21; Jennifer Handshoe hosted one in Orange Grove September 5; and the groom's sisters, Mary Bernard and Susan Mumme, hosted one September 13 in Bay St. Louis.

Rhodes-Dean

Our Lady of the Gulf Catholic Church in Bay St. Louis was the setting for the September 12 wedding of Rhonda Lynne Dean, daughter of Bobbie and John Yaniga of Bay St. Louis and Dwight David Dean of Harvey, La., to Charles J. "Rocky" Rhodes, son of Mimi and Dusty Rhodes of Bay St. Louis. Father Cuthbert O'Connell officiated the afternoon ceremony.

Nuptial music was provided by soloist Lana Noonan and organist Ollie McKenna.

Given in marriage by her father and stepfather, the bride wore a candlelight gown of peau de soie with portrait collar.

She wore a fingertip veil and carried an arm bouquet of ivory and burgundy roses.

Aimee Marie Dean was honor attendant. Bridesmaids were Tracie Dean and Jamie Dean. Mary Joe Dean was candle lighter.

Flower girls were Robyn Buehler and Mindy Yaniga.

Dusty Rhodes was best man. Groomsmen were Brandon Rhodes and Jeffery Rhodes. Ushers were Andy Buehler, Lonnie Ford, Doug Powers and Kevin Ladner.

Following the ceremony, a reception was held at the Jourdan River Shores Clubhouse. The rehearsal dinner was at Armand's in Bay St. Louis.

After a honeymoon in Branson, Mo., the couple is making their residence in Waveland.

Mr. and Mrs. Charles Rhodes

Everett-Matthews

Marian and Van Edmonson of Bay St. Louis announce the engagement and forthcoming marriage of their daughter, Lisa Matthews, to Damian Everett, the son of Donald and Janet Everett of Bay St. Louis.

The bride-elect is a graduate of Hancock North Central High School and Mississippi Gulf Coast Community College. She is attending Frankline College of Court Reporting.

The prospective groom is a graduate of St. Stanislaus and Mississippi Gulf Coast Community College. He is employed with Wallace Business Machines.

Vows will be exchanged in November at Our Lady of the Gulf Church.

Crystal Lynn Moran

LaFontaine-Moran

Naomi Moran of Lakeshore announces the engagement and forthcoming marriage of her daughter, Crystal Lynn Moran, to Michael Joseph LaFontaine Jr., the son of Mr. and Mrs. Michael LaFontaine Sr. of Lakeshore.

The bride-elect, daughter of the late Charles Moran, is a senior at Hancock High School.

She is the granddaughter of Mr. and Mrs. Angel Moran Sr. of Fenton and the late Mr. and Mrs. Clarence Moran.

The prospective groom is a graduate of Hancock North Central High School. He is employed with Con-Tech power system.

He is the grandson of Carl W. Fricke Sr, the late Yvonne Henley Fricke, and the late Mr. and Mrs. Laurence M. LaFontaine Sr.

Vows will be exchanged November 7, 3 p.m., at the Hancock County Civic Center. All family and friends are invited.

Too many Devils

PRC Blue Devils spoil Stanislaus homecoming

BY ELLIS CUEVAS

St. Stanislaus, off to its worse football record in many a year, lost to conference contender Pearl River Central 39-8 in Rock-A-Chaw stadium Friday.

On the happier side, it was homecoming for St. Stanislaus with alumni coming from miles, renewing old acquaintances, and talking about days gone by.

There was no lack of enthusiasm from the Rock fans and alumni, who packed the stadium with standing room only.

The visiting Blue Devils, 7-1 for the season and 5-0 in District VIII 4-A conference, assured of a place in the district play-offs, also filled their section of the stands.

Halftime ceremonies included the presentation of the homecoming court and queen for Stanislaus by the school band, recently rated all superiors in state competition.

Rock head coach Ken Lyons said, "We lost to a real fine ball club. We had some real good plays we could have kept alive and maybe could have gotten some more points, but some things did not materialize."

The Blue Devil defense shut down the Rock game almost to a standstill, allowing only a few good ground gainers in the entire game.

Relying only on a passing attack with nothing coming on the ground, Stanislaus suffered

several setbacks on pass interceptions by the Blue Devils.

Highlights of the game for Stanislaus came in the fourth quarter when the Rock offense finally got a drive together for a score.

Down by a score of 39-0, the Rocks still had high spirits and the will to get some points on the board.

Pearl River Central kicked off to Stanislaus with Scott Emmel moving out to the 31-yard line.

On the next play, Jeffrey Bishop tossed a pass to wide receiver Jayson Mayer to the 48-yard line for a first down.

Next play, Bishop hit senior Stanley Chapman with a nice pass-and-run and, along with a flag for a PRC infraction, moved the ball to the Blue Devil 37-yard line for another first down.

Bishop then threw an incomplete pass. A long bomb followed to sophomore Brandon Benoit, who took the ball away from two defenders and skipped into the end zone for a 37-yard pass run score.

Bishop topped the drive off by a 2-point pass conversion to Chapman.

Even in a losing cause, Stanislaus held the powerful Blue Devils, who could move to only a 13-0 halftime edge through the air or on the ground.

PRC wasted no time in scoring their first touchdown; Stanislaus was forced to punt on a fourth and ten as the game started.

A quick handoff up the middle on their first play from scrimmage gave the Blue Devil Devils their first score on a 72-yard run, followed by a PAT which gave the visitors a 7-0 edge.

Three plays and another punt by Stanislaus gave the ball to PRC on their 37-yard line. Six plays later PRC moved their lead to 13-0.

Stanislaus started a drive after the next PRC kickoff, moving down to the 13-yard line on eight plays.

Four plays later, Stanislaus turned the ball over to the Blue Devils on downs, short by 18 inches on the 3 1/2-yard line.

Pearl River threatened several times to be stopped by the Rock defense in the balance of the second quarter.

In third quarter action, Pearl River Central came onto the field determined to show their offensive power, scoring three more touchdowns.

PRC added yet another score in the fourth quarter for a 39-0 lead before Stanislaus scored on its only successful drive of the night.

Next Friday, the 0-8 Rocks will be on the road, traveling across Alabama into Florida, to be hosted by the Gulf Breeze Dolphins.

Gang tackling

A group of Stanislaus defenders stop a Pearl River Central runner for a short gain. Among the Rocks in photo are from left, Rocky Sepas, No. 42; Leo Seal, No. 70; and Bryce Gex, No. 24. Next Friday Stanislaus will be hosted by the Gulf Breeze Dolphins. (Echo staff photo by Ellis Cuevas)

CGRL project focus is wetlands issue

The U.S. Fish and Wildlife Service has finalized two cooperative agreements with the Gulf Coast Research Laboratory J. L. Scott Marine Education Center and Aquarium in Biloxi for educational assistance on coastal wetlands issues.

A \$10,000 project to be headed by Dr. Sharon H. Walk-

er, MEC&A administrator, will conduct focus group workshops to generate information and create a planning document to guide coastal wetlands policy associated with sportsfish education activities for urban areas.

At least five workshops will be held in various parts of the state.

Outstanding players

Coaches of the Bay American Legion Cowboys 11- and 12-year-olds recognized the above players for their efforts in their win over the Pearl River Blue Devils. From left are running back/defensive end Blake Werner; running back/linebacker Justin Wadsworth; defensive end/guard Brandon Everett; and quarterback/defensive back Jamie Cuevas.

Tigers dump 'Dogs

BY RANDY PONDER

In a battle of playoff contenders, the Bay High Tigers booted the Perry Central Bulldogs 23-18 Friday night in New Augusta.

The kicking game was the difference. Bay High did not make many mistakes; the Bulldogs did. "In a close game, one breakdown can be a problem, and they had several," Tiger coach Rocky Gaudin stated.

Perry Central took the opening kickoff and marched 72 yards on nine plays for the game's first score. The Bulldogs kept the ball on the ground for all except the last play, a 30-yard pass from Bryan Woods to Shon Wright for the touchdown. The PAT was wide right, as the Tigers fell behind 6-0.

Bay High quickly retaliated. A good kick return by Leroy Hawkins gave the Tigers excel-

lent field position at the Bulldog 45. Sam Sheppard then fired the ball to Xavier Lewis, streaking down the left sideline for an apparent TD. Lewis was ruled out of bounds on the 2.

Three downs later, Dwayne Antoine bulled his way into paydirt for the points. The extra point attempt was mishandled, leaving the score knotted at 6-6.

Early in the second quarter, Perry Central moved from their 30 to score an apparent go-ahead touchdown on a 19-yard pass to Kevin Bolton. The play was nullified, however, when the Bulldogs were flagged for having an ineligible man downfield. They later turned the ball over on downs.

Bay High received the first big break of the game when a high snap sailed high over the head of the Perry Central punter and rolled all the way to the Bulldog 3.

Larrone Lewis scored on the next play, a run up the middle. Shawn Keener added the extra point and just like that, the Tigers were on top 13-6.

Following an exchange of kicks, the Tigers took over on their 20 and after two plays for negative yardage, stunned the Bulldogs with an 88-yard pass and run for a huge touchdown just before halftime.

Facing third and 18, Sheppard faked to his right, ran to the left and just as he was about to be tackled for a loss, threw the ball to Marcel Whavers. Whavers was 10 yards in front of the nearest defender and raced untouched into the end zone. Keener put the extra point through the uprights for a 20-6 halftime score, the most points the Bulldogs had allowed all year.

The third quarter was a defensive duel. But early in the final frame, Bolton scored on an 18-yard, twisting, turning run across the goal line as the Bulldogs capped a 67-yard, nine-play drive. The extra point was no good, but Perry Central had narrowed the score to 20-12. It was still anybody's game with more than 11 minutes left to play.

Bay High got the ball back at

Incomplete

L.C. Curry denies Kevin Bolton the ball during the first half of Bay High's 23-18 win over the Perry Central Bulldogs. The win improves the Tigers' record to 7-1 overall and 4-1 in district play. If the Tigers beat Poplarville next week, they will advance to the state playoffs. (Echo photo by Randy Ponder)

their 40 following an onside kick. The Tigers ran three plays and punted. The Bulldogs were penalized for having too many men on the field during the play and Bay High retained possession.

The Tigers moved to the Bulldog 28 where the drive stalled. On fourth down, Jeff "Thunderfoot" Hopgood connected on a long, 46-yard field goal to give the Tigers a little breathing room at 23-12. Perry Central would now have to score twice to have any chance of a comeback.

Bolton got the first one on a 63-yard pass play, breaking four tackles on the Bulldogs' ensuing possession and quickly closing the gap to 23-18. That was as close as they would come. A 2-point conversion pass attempt failed and on their last series, the Bulldogs turned the ball over on downs to the stubborn Tiger defense.

"This was a determined team tonight," Gaudin said of his Tigers. "The odds were against us, playing a good team at home."

Prior to the contest, Gaudin rated the two teams even on

defense, gave the Bulldogs the advantage on offense and the Tigers the edge on the kicking game.

Jeff Hopgood, Shawn Keener and company certainly proved the Tiger coach right on the latter observation. Keener made two of three extra points and Hopgood boomed three of his five kickoffs into the end zone for touchbacks. The other two went to the 1 and 5. The Bulldogs were penned on their end of the field all night.

Hopgood also made the long field goal. "We tried to draw

them offside on the play," Gaudin said. "When that didn't work, Jeff was confident he could make the field goal. The ball was in the middle of the field and that was to our advantage. He made it with distance to spare."

The Tigers have the inside track to the playoffs with the win. If they beat Poplarville next week in Bay St. Louis, the Tigers will be in the playoffs.

Bay High is 7-1 overall and 4-1 in District 8, Class 3-A play. Perry Central falls to 6-3 and 4-2.

SSC places in New Orleans

St. Stanislaus' varsity cross country team placed third out of 20 teams in the Newman Invitational on the Lakefront in New Orleans Oct. 17.

Runners in their order of finish in the three-mile race were:

Scott Black, 16:55; Josh Perello, 17:33; Drew Seafide, 17:41; Eduardo Jimenez, 18:06; David Gianechini, 18:45; Bryan Carter, 18:49; and Judd Deaton, 18:59.

Four runners competed in the junior varsity three-mile race. They were: Roberto Jimenez, 19:38; Carlos Gonzales, 19:58; Noly Theriot, 20:48; and William Hillyer, 20:49.

The junior high team placed fourth of 14 in a two-mile contest.

The varsity team record is 96:16; the junior varsity is 11:12; and junior high is 44:20.

Not this time

Floyd Lewis makes a strong hit on Perry Central receiver Shon Wright to knock the ball away incomplete. Wright had earlier scored on a 30-yard pass for the game's first score. Bay High upended the Bulldogs 23-18, Friday night in New Augusta to edge ever closer to the state playoffs. (Echo photo by Randy Ponder)

Tide washes out Hawks 43-22

BY TRACI BONNEY

The Hancock Hawks managed to save themselves from being drowned by the Maroon Tide of Picayune Friday, but were not able to win their Homecoming game.

Picayune won 43-22, but not without fighting the Hawks through much of the second half. In the first half, the Tide rolled over the Hawks, racking up three touchdowns in the second quarter before Hancock could score.

The Hawks struggled through the third quarter, but capitalized on some fourth quarter miscues from the Tide and scored two more TDs.

Coach Irvin Favre commented of the match, "I think Picayune played one of the best games they've ever played tonight. We had watched their films earlier in the week, and we didn't think they would be that strong."

"They beat us in the trenches, on the offensive line especially."

The game started with Hancock receiving. The Hawks controlled the ball for nearly five minutes of the first quarter, but were forced to punt on fourth and 15 after 10 plays.

The Maroon tide took over at their own 7-yard line and kept the ball for the rest of the first quarter. Four seconds into the second quarter, they scored.

A penalty confused the issue briefly. It looked as though the Tide had lost their 6 points, but the referees ruled that the penalty counted against the extra point, not the touchdown.

The Tide didn't ebb with the foul, but scored the extra point on a 34-yard kick that barely cleared the goal post.

With 11:56 to go, it was 7-0. James Prive took the kick at the Hawk 28 and reached the 34 before he was stopped. Lance Wedgeworth, Scotty Davis and Dennis Malley combined on running and passing to move to the 39, then the Hawks fumbled and Picayune recovered at their own 38.

Tide quarterback Byron Magee grabbed 25 yards on a keeper, then sent a short pass to Steve Walls, who ran it in for the score. The PAT kick made the score 14-0 with 7:58 left on

the first half clock.

Hawk Matt Harmon took the ball in the end zone on the kick after the touchdown, making it first and 10 at the 20-yard line. However, the ball squirted into the air on the next play and landed in the Tide's possession.

Picayune wasted no time. Jamie Wilson ran the ball to the Hawk 14 on the next play, then Walls grabbed another yard.

An illegal procedure call against Picayune backed the ball to the 19, but Tide player Charles Polk advanced it to the 7 when play resumed.

Walls ran the ball in on the next play for the Tide's third score. The PAT kick boosted the score to 21-0 with 5:55 in the second quarter.

Wedgeworth took the next kick out to the 28, then Prive ran to the 34. A pass to him put the ball at the Tide 45, and another to Joe Green gained the Hawks 11 more yards.

The next pass was incomplete, but it drew an interference call against Picayune which moved the ball to the 19-yard line.

Malley gained 7 on a draw, but an illegal blocking penalty against the Hawks backed them to the 34.

At first-and-25, Davis passed to Wedgeworth, who was smothered by maroon uniforms at the 26-yard line. An offside penalty against Picayune advanced the ball another 5 yards to the 21.

Another Davis pass to Wedgeworth put the Hawks at the door as Wedgeworth was brought down on the 4-yard line.

Malley ran the ball in to put the Hawks on the board with 1:41 left in the half.

The PAT, a pass to Green, was worth 2, making the score 21-8.

The following kick fell off the tee and rolled dead at midfield.

The Tide's Magee struck mercilessly with a pass to Justin Mark, who was stopped at the 15. Magee made it to the 3 on a keeper, then Walls went up the middle to the 1.

With 39 seconds left, Wilson scored, making it 27-8. The PAT was good for 2, taking the score to 29-8.

The half ended with a penalty against Hancock while they had the ball.

The Hawks kicked to Picayune to start the third quarter. Mark took it at the 6 and went to the 28 before Harmon stopped him.

Walls gained only 1 yard on the next play, but Wilson moved to the 41 after catching a short pass on the following scrimmage.

A pitch to Walls moved the ball to the 26, when Picayune fumbled — but recovered the ball.

Wilson took the next pitch and went right to the 20, but a call against Picayune for holding backed the ball to the 40.

On the next play, the Hawks took over when Green intercepted a pass at the 26.

However, Hancock punted to Picayune on fourth-and-5 after failing to cross midfield.

The Tide moved the ball to the 16 in three plays, then scored on a quarterback keeper by Magee down the right sideline. The PAT made the score 36-8 with 4:16 on the clock.

The Hawks tried to move the ball, but were forced to punt six plays later. The ball rolled dead at Picayune's 32.

Walls took over, gaining 7 yards on the first play and 5 more on the next two.

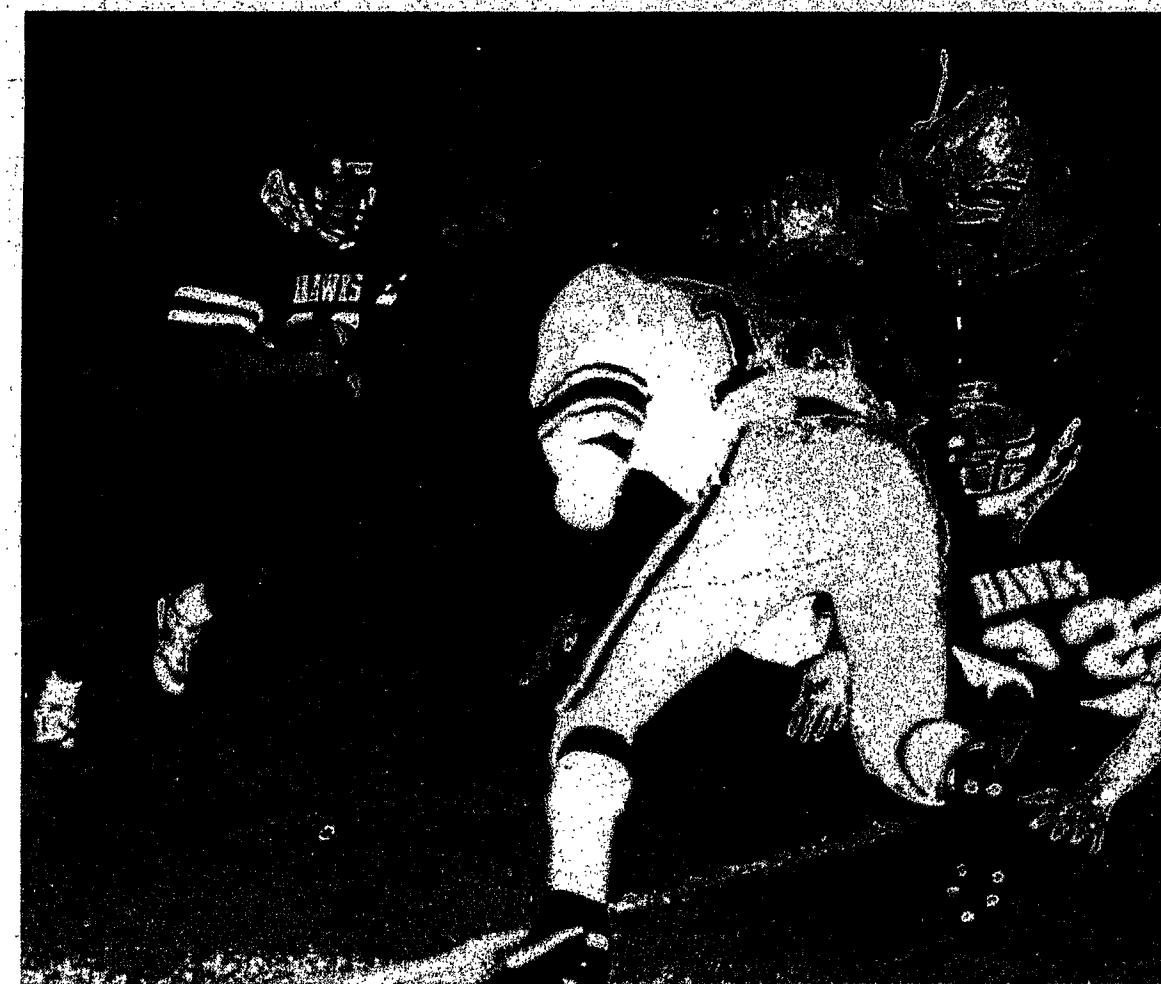

Then Picayune fumbled. The Hawks recovered at the Picayune 43 to end the third quarter.

Davis and Green combined in the beginning of the final period to boost the Hawks' score, as a Davis pass found Green's arms. The 43-yard TD pass made the score 36-14 with 11:52 on the game clock. The PAT failed when a pass to Wedgeworth went incomplete.

Picayune didn't let Hancock's TD go unanswered. The Tide scored on the Hawks' post-touchdown kick with Picayune's Mark making his mark by running the kick from the Tide's 10 to 90 yards into the end zone.

The PAT made the score 43-14 with 11:35 left in the game.

Wedgeworth moved the ensuing kick from the 7 to the 26. Four plays later, the Hawks punted. The ball went out at the Hawk 48.

Paydirt!

Hawk Dennis Malley faces a Tide-al wave of defenders at the goal line as he attempts to put Hancock into the end zone at homecoming Friday night. His successful surge across the line lit up the board with the first of three Hawk TDs. (Photo by Fotoverks/Miller Henry)

The Tide drove the ball all the way to the 3-yard line in seven plays, then lost it at the goal line a fumble in the eighth play.

The Hawks' recovery made it first and 10 at the Hawk 20. This time it was Davis and Wedgeworth as a screen pass found its mark and Wedgeworth ran the remainder of the 80 yards for the score.

The PAT was good. With 5:22 left in the game, the score was 43-22.

On the ensuing kick, the Hawks managed to beat the Tide to the ball and recovered it at the Picayune 49.

A pass to Wedgeworth went incomplete, then Malley moved the ball up the middle to the 47. The next pass found Wedgeworth, who went out at the 38.

Davis was sacked at the 45 on the next play, then an illegal procedure call against the Hawks backed the ball to midfield.

A pass intended for Green went incomplete, but Davis gained 8 on the following play when he broke a tackle that nearly sacked him in the backfield.

On fourth-and-18 at the 42, the Hawks decided to go for the first down.

It didn't work. The pass, intended for Marlon Allen, was incomplete and the Tide took over with 2:38 left in the game.

Steve McDonald ran the ball to the 43, then Brack Mapp moved it into Hawk territory with a 2-yard gain. Daran Jackson gained 5 more, but Pat-

rick Wilks was pushed back a yard on the next play.

At this point the game was all but over. With only 32 seconds left on the clock, McDonald took the ball and was tackled.

The clock ran out, the horn sounded, and the Tide won.

Coach Favre said after the game that Picayune's offense surprised the Hawks, because the Tide's coaches made some changes Hancock wasn't prepared to counter.

"They just shoved us around out there. When you do that, you don't have to throw."

"They threw — what? Five or six times? They just ran straight at us. They kept pushing us back as up there and to yards."

IN A FREE LAND, WE SHOULD EXERCISE OUR RIGHT TO VOTE

In every nation that calls itself a free land, there comes a time to either retain or replace its elected officials. The arguments by opposing candidates are heard for what may seem an eternity, and finally, after studying the issues, the electorate will have their say at the ballot box. As usual, there are the complaints about low voter turnout, a tragic situation incomprehensible to the people in countries where there is no provision for voting their leaders in or out. Those who don't bother to vote justify it thusly: "What's the difference who gets in? It won't help me any. Nobody has all the answers," and so they shouldn't complain if they don't like the outcome. Even between two able candidates, a choice can be made. We should always vote, and pray to God that our selections will be wise ones.

"I will get unto me
the great men...for
they have known the
way of the Lord."
